Provided by the South Dakota State Library and Institute of Museum and Library Services.

### Ancestry

- new interface provides:

Location, map, and name filters help users effectively narrow searches.

Type-ahead (or auto complete) functionality in search fields improves researchers ability to choose search terms. Search results can be sorted and narrowed in multiple ways

- Genealogy News and Notes: [http://www.proquest.com/en-US/promos/newsletters/Genealogy/Genealogy\\_NewsNotes\\_Signup.shtml](http://www.proquest.com/en-US/promos/newsletters/Genealogy/Genealogy_NewsNotes_Signup.shtml)

### SIRS Discoverer

- MLA citations with every article!

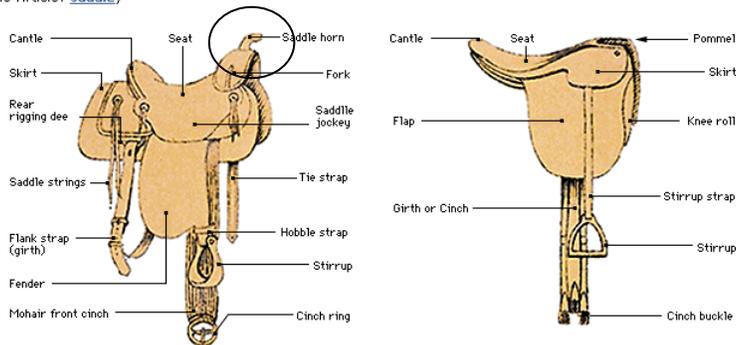

<http://library.sd.gov>

### Proquest—New Platform!

- my research
- publication searching changed
- limiters on the right side--advanced searching in a basic search

## In Saddle Technology...

Picture: **English and Western saddles**  
(Home Article: [Saddle](#))

The most popular saddles are the Western saddle, *left*, and the English saddle, *right*. Rodeo riders and cowboys use Western saddles. Jockeys and horse show riders use English saddles.

World Book illustration by James Teason
