Daria Bossman
State Librarian
South Dakota State Library
MacKay Building
800 Governors Drive
Pierre, SD 57501

Dear Daria,

Thank you for submitting the application, "Digging Deeper into Primary Sources," for a Teaching with Primary Sources regional grant. We have reviewed your application and found it to be well written and well conceived. We would like to fund your project for the amount of \$8,500. We are excited about the opportunity to bring TPS to the state of South Dakota through an online learning day for K-12 teachers and librarians focused on using primary sources for educational use. This grant provides a unique opportunity to reach educators throughout the state and create awareness about the vast resources of the Library of Congress as well as state and local historical content. Your application is well-designed to support a collaborative effort between the South Dakota State Library, University of South Dakota, South Dakota State Archives, the South Dakota Department of Education, and other state partners. We feel there is a high likelihood of success for raising the level of awareness about TPS throughout the state of South Dakota.

Grant recipients will be required to submit quarterly progress reports and participate in periodic conference calls. Indirect cost recovery is not an allowable budget item. The deadline for expending funds is January 31, 2016. We look forward to working together and welcome you to the TPS program.

Sincerely,

Peggy O'Neill-Jones
TPS Western Regional Center Director
