Five Cranky Crabs

Five cranky crabs were swimming in the shore.
One swam into a net and now there are four.
Four cranky crabs were floating off to sea.
One got tangled up in seaweed and now there are three.
Three cranky crabs were wondering what to do.
One dug a deep hole and now there are two.
Two cranky crabs were warming in the sun.
One got scooped up in a cup and now there was one.
One cranky crab was smarter than his friends.
He hid between the jagged rocks and that's how it ends.

Crab Apples

We came up with these crab apples from a picture on a cup the boys got from Moe's. We used 2 apples, 3 large marshmallows, 6 pretzel sticks, peanut butter, and 4 chocolate chips.

We cut the apple in half & used the other half for the claws. We made a couple of holes with a knife to make it easy to put in the pretzel sticks for the arms and eyes. We cut 2 marshmallows in half for the eyes. Put the sticky side on the apple. We cut the other marshmallow for the mouth. Use peanut butter to put on the chocolate chips. Very easy and the kids love this!
