You don't need an appointment to change the boxes, just arrive during open hours. You can call ahead and ask for help unloading the boxes. If they have enough volunteers, they will help you carry them in.

Return the boxes and check out more! In general, check out as many boxes as you return. Please choose boxes from each age group. If you don't want to choose the boxes but just want them ready for you, call the main number and ask for the number of boxes that you are returning. Ask for the boxes to be checked out to the Madison Public Library.
