21st Century School Library

Self-Assessment

21st Century school libraries and librarians make a powerful difference in student achievement and are partners in forming the habit of reading and learning for a lifetime.

South Dakota School Library Mission Statement

It is the mission of the school library to:

- 1. Provide all learners a 21st century collaborative program for learning and teaching
- 2. Provide a place for both a physical and a virtual learning environment
- 3. Provide access to a highly qualified professional for leadership in creating, promoting, and sustaining the program and place

Self-Assessment Information

The South Dakota School Library Guidelines* outline the best practices of a 21st century school library. Librarians and administrators are encouraged to use this voluntary self-assessment tool as an aid in implementing the guidelines. This tool can be a catalyst for conversations concerning future planning and development and serve as a checklist toward strategic planning and annual goals. It can also supplement the work of the library and librarian when used in conjunction with the School Library Framework. Assessment in the School Library Framework.

The South Dakota State Library, a division of the Department of Education, formally and annually recognizes schools with libraries that meet the characteristics of a 21st Century school library through its place, professional, and program. Awards recognize the status of the library as *Effective (75-79), Enhanced (80-83), or Exemplary (84-87)* based on the South Dakota School Library Guidelines. If the overall score of your 21st Century School Library Self-Assessment falls within one of the three point ranges noted above, you are eligible to apply for the 21st Century School Library Award. Tip: Use this assessment as a worksheet to complete the award application. Applications are accepted **March 1 through May 1** of each year. Award status is valid for a three-year period.
