What if I'm a Combo Library?

Combo libraries who serve both students and the public can join SDTTG. Their patrons can access SDTTG titles using their public library cards.

Combo libraries may be interested in setting their students up with [Sora](#) - the school interface for Overdrive. Sora integrates with a variety of learning management systems and allows you to build a unique digital collection based on your school's curriculum and enrichment needs.

[Public Library CONNECT](#) enables students on Sora to browse and borrow titles from their local public library's digital collection.
