

## **SD State Library Interlibrary Loan Policies**

**South Dakota Codified Laws (SDCL): 14-1-40 (<https://sdlegislature.gov/>)**

Interlibrary Loan is the act of one library lending to another library. The South Dakota State Library will only act as a borrower or a lender with other officially designated libraries, public, school, academic, or otherwise; or on behalf of patrons using the South Dakota State Library's E-Card Plus.

Libraries using the South Dakota State Library's interlibrary loan services should send all requests electronically. It is the policy of the South Dakota State Library to mediate all interlibrary loan requests. Items should be requested through South Dakota Share-It.

Libraries should send all materials directly to the lending or borrowing library.

To ensure proper shipping, the lending library should include a mailing label, along with any special instructions for material returns.

Libraries participating in the courier service are required to send in their interlibrary loan statistics, as well as their courier statistics, on a monthly basis. Those statistics should be sent to the State Library by the 15th of the month. They must be submitted electronically.

### **State Employee Requests**

South Dakota State Employees and Federal Employees located in South Dakota may use the South Dakota State Library's interlibrary loan services directly, with few exceptions.

**Locally Available Material** – Fictional material available through the State/Federal Employee's local public library should be requested through that institution. If the South Dakota State Library finds that requested interlibrary loan material is available locally, the request will be canceled, and the requesting employee will be directed to their local public library.

**Fiction** – State/Federal employees may request fiction. However, the South Dakota State Library will not request any fictional materials within the current publication year. State/Federal employees will be directed to their local public library for such requests. Exceptions will be evaluated on a case-by-case basis.

**Non-Fiction** – State/Federal employees may request non-fictional material without limitations on publication year or local availability.

**ILL Charges** – The South Dakota State Library is not responsible for any charges levied by the lending library. Those charges will be the responsibility of the requesting party. The South Dakota State Library will inform the requesting party of any charges before initiating any action on the requesting party's behalf.

**Loss of Privileges** – Libraries are expected to return all interlibrary loan materials in a timely manner. Those libraries that have lost, damaged, or overdue materials on their records will have their interlibrary loan privileges suspended until such a time that those materials are returned to the lending library, or the lending library has received monetary compensation.

**Reading Rooms** – Reading rooms are not federally recognized public libraries. The State Library will not facilitate any ILL requests for reading rooms. Current reading rooms are indicated with an RR in the library directory available on the State Library website.
